---

### **Executive Summary:**

The Pilatus PC-12 PRO represents a major evolution of the renowned PC-12 series, introducing the new Garmin G3000 Prime Flight Deck, enhanced safety systems, and refined cabin upgrades that further elevate the aircraft's position in the single-engine turboprop market. As the first aircraft certified with the Garmin G3000 Prime Integrated Flight Deck, the PC-12 PRO delivers advanced avionics technology including Emergency Autoland, Smart Glide, and enhanced automation designed to reduce pilot workload and improve operational safety. With a maximum cruise speed of 290 knots, a range of 1,830 nautical miles, and the ability to operate from short and unpaved runways, the PC-12 PRO offers exceptional versatility for both business and leisure travelers. For buyers researching private jets for sale or working with a private jet broker on how to buy a private jet, the Pilatus PC-12 PRO establishes a new benchmark in the high-performance turboprop category while reinforcing Pilatus' leadership in aviation innovation.

### **Key Takeaways:**

- The Pilatus PC-12 PRO introduces the Garmin G3000 Prime Flight Deck with advanced automation, synthetic vision technology, and Emergency Autoland, setting a new standard for safety and efficiency in the single-engine turboprop market.
- With a 290-knot cruise speed, 1,830-nautical-mile range, and the ability to operate from short and unpaved runways, the PC-12 PRO delivers exceptional versatility for both business and leisure travel missions.
- Cabin upgrades developed with BMW Designworks include redesigned executive seating, premium materials, enhanced storage, and improved passenger comfort, strengthening the aircraft's appeal among buyers researching private jets for sale and business jets for sale.
- Strong demand, limited availability, and a \$6.8 million base price position the Pilatus PC-12 PRO competitively in the market, making it an attractive option for buyers working with a private jet broker or private jet expert on how to buy a private jet.

## **FAQ:**

### ***What is the biggest upgrade introduced with the Pilatus PC-12 PRO?***

The biggest upgrade on the Pilatus PC-12 PRO is the Garmin G3000 Prime Flight Deck, which replaces the Honeywell Apex system and adds touchscreen controls, synthetic vision technology, advanced automation, and improved flight safety features.

### ***Does the Pilatus PC-12 PRO include Garmin Emergency Autoland technology?***

Yes, the Pilatus PC-12 PRO includes Garmin Emergency Autoland technology, allowing the aircraft to autonomously land in the event of pilot incapacitation by evaluating weather, fuel levels, and nearby airports.

### ***What are the performance specifications of the Pilatus PC-12 PRO?***

The Pilatus PC-12 PRO offers a maximum cruise speed of 290 knots, a 30,000-foot service ceiling, and a range of 1,830 nautical miles while maintaining the ability to operate from short and unpaved runways.

### ***How does the Pilatus PC-12 PRO compare to other private jets for sale?***

The Pilatus PC-12 PRO stands out among private jets for sale with its advanced Garmin avionics, innovative safety systems, luxurious cabin upgrades, and versatile operating capabilities, making it highly competitive in the turboprop market.

### ***Will the Pilatus PC-12 PRO affect the value of previous PC-12 models?***

While the Pilatus PC-12 PRO may create some pressure on older models, strong demand and limited inventory should help preserve the value of existing PC-12 NGX and NG aircraft for owners considering how to sell a private jet.
