---

## Executive Summary:

Textron Aviation has introduced ProParts+ for the Citation 525 series, giving operators expanded maintenance coverage designed to reduce the uncertainty of long-term ownership costs. Building on the existing ProParts program, ProParts+ adds protection for expensive landing gear components, consumables and freight costs, making it especially valuable for aging CJ aircraft fleets. As more operators evaluate business jets for sale and light jets for sale, programs like ProParts+ can make ownership planning more predictable and appealing. For owners working with a private jet broker or private jet expert, the added flexibility and cost protection may also help support aircraft resale value and simplify decisions around how to buy a private jet or how to sell a private jet.

## Key Takeaways:

- Textron Aviation launched ProParts+ specifically for Citation 525 operators to provide expanded maintenance coverage and more predictable ownership costs.
- The new ProParts+ program offers additional protection for high-cost landing gear components such as trunnions, trailing links and oleo struts, which are common expense concerns on aging aircraft.
- As the Citation CJ fleet continues to mature, ProParts+ helps owners better manage unexpected maintenance expenses that can impact long-term operating budgets.
- The program also includes coverage for consumables, freight assistance on covered parts and a contract buyout option for owners who decide to sell their aircraft before the agreement expires.
- Programs like ProParts+ may enhance the appeal of private jets for sale, including Citation models competing alongside aircraft such as the Phenom 300 for sale, Challenger 350 for sale, Gulfstream G550 for sale and Citation Mustang for sale.

## **FAQ:**

### ***What is Textron Aviation's new ProParts+ program for the Citation 525 series?***

Textron Aviation's ProParts+ program for the Citation 525 series expands on the existing ProParts maintenance coverage by adding protection for expensive landing gear components, consumables and freight costs to help operators better manage ownership expenses.

### ***Why is ProParts+ important for aging Citation 525 aircraft?***

As Citation 525 aircraft age and accumulate more cycles, the likelihood of expensive maintenance events increases. ProParts+ helps reduce the financial impact of major repairs and replacements, particularly for landing gear components.

### ***Which Citation 525 maintenance items are covered under ProParts+?***

ProParts+ adds coverage for costly landing gear components such as trunnions, trailing links and oleo struts, along with consumables like corrosion-inhibiting compounds and fuel test kits.

### ***How does ProParts+ benefit Citation 525 owners looking at future resale opportunities?***

The added maintenance predictability and buyout flexibility offered by ProParts+ may help owners preserve aircraft value and provide confidence for buyers evaluating private jets for sale or working with a private jet broker.

### ***Can ProParts+ help operators better plan long-term Citation 525 ownership costs?***

Yes, ProParts+ is designed to make aircraft ownership more predictable by reducing the risk of unexpected six-figure maintenance bills and helping operators plan more effectively for long-term aircraft operation.

## **About**

Founded in 2006, jetAVIVA is a globally recognized private jet broker and private jet expert, celebrating 20 years as a leader in turbine aircraft sales and acquisitions. Having supported thousands of clients in over 40 countries, jetAVIVA consistently ranks among the top firms for private jets for sale and business jets for sale by total transactions. The company specializes in representing buyers and sellers across the full spectrum of aircraft, including light jets for sale, super-midsize platforms like the Challenger 350 for sale, and large-cabin aircraft such as the Gulfstream G550 for sale. jetAVIVA provides comprehensive, expert guidance on how to buy a private jet, how to sell a private jet, and how to maximize value throughout the entire ownership lifecycle.
